Target version:			
Resolution:			
Description			
The client code needs to be modified to take advantage of the new date range function signatures.			
This will require:			
<ul style="list-style-type: none">• Modification of the functions that call the DB functions.<ul style="list-style-type: none">◦ Ideally (and this will be a new ticket) I'd like to write the transparent python->db function mapper (obj.func(arg,arg) gets seamlessly converted to SELECT * FROM func(arg,arg))
