Resolution:			
Description			
For all graphs, prevent date ranges from working if:			
<ul style="list-style-type: none">• High-level, multi-graph pages would be generated normally• Non-specific data is passed to the graphing function.<ul style="list-style-type: none">◦ For pggraph_database, it REQUIRES a datname◦ For pggraph_table, it requires a datname, a tablename and a schemaname◦ For pggraph_index, it requires a datname, an indexname, and a schemaname
