Description

Hi,

Would you keep on Ubuntu users Email List for your organizations requirement?

Data Fields: Name, Title, Email Address, Fax Number, Company Name, Current Address, Country Name, State/Province, City Name, Zip Code, Contact Number, Employee size, SIC Code, Industry, NAICS and Web Address.

Information Source: Trade shows, Seminars, Surveys, Trade Magazines, Technology Directories, Online Subscriptions, Business Directories, Webinar, Exhibition and more.

Please get back to us with your targeted geography and job titles you are looking to target for to provide you with counts and more information.

Await your response!

Thanks,

Melony Scheid

If you are not interested, reply back with the same in subject line.
